

Press release

We're happy to announce the second CD release on Notochord Recordings:
Angina P 8 Rooms.

Vienna-based producer Angina P takes powerful layers and sharp contrasts to create compositions that are abrasive, complex, and emotionally-charged. While persistently raw and moody, the music maintains a sense of pureness and digs deep into her psyche.

"Finally, here comes the debut (and much talked about) album of Angina P... A solid and interesting work, "8 Rooms" is a delicate and elegant album... polished and fresh... Clearly something to get."
Nicholas Chevreux, Ad Noiseam, Berlin

With *8 Rooms*, she takes elements of ambient, drum & bass, IDM, breakbeat, and experimental, to create a soundtrack that is both unique and intense. The CD presents 5 new Angina P tracks along with 3 exclusive remixes by Semiomime (aka DJ Hidden), Edgely (aka Stephen James Knight) and Larvae.

Tracklist:

1. Known Issues
2. No Time To Bleed
3. Placemat Club
4. Good Lady Wife
5. My Robots
6. Known Issues [**Semiomime Remix**]
7. No Time To Bleed [**Edgely Remix**]
